SERVICE-DISABLED VETERAN  
8(A) SMALL DISADVANTAGED BUSINESS

INNOVATE | SUCCEED | REACH NEW HEIGHTS

## ACQUISITION MANAGEMENT

*ISHPI* provides comprehensive professional services to support the acquisition and lifecycle management of complex systems and programs. We provide the expertise to assist our clients in the management and support of acquisition, program management, business, cost, and financial management, systems engineering and integration, and logistics support services.

*ISHPI* provides the people, processes and tools to effectively meet the challenges facing any acquisition program. *ISHPI's* team of certified professionals support the organization's procurement and contracts management programs, policies, procedures, operations, contract planning, award, administration, and closeouts.

Our experts use a methodology based on the Federal Acquisition Management Framework that defines effective and efficient practices for government acquisition organizations. These best practices provide a foundation for acquisition process discipline and rigor that will enable product and service development to be repeatedly executed with high levels of success. *ISHPI* helps deliver capabilities to the warfighter on time and within budget. Each of our experts has firsthand experience in the DOD 5000 Acquisition Process as well as the rapid acquisition processes; most possessing Defense Acquisition Workforce Improvement Act (DAWIA) certification in their respective discipline.
